## TRANSPORTATION UPDATE

We have received our PO from INDOT to start counts in Franklin and Decatur Counties. There are also 10 courtesy counts for each county except for the counties covered by a Metropolitan Planning Organization (Dearborn and Shelby).

The Special Count program (state-owned and non-state-owned roads) is currently underway for all counties except for Shelby. This is a three-year contract, finishing in December of 2027. Traffic counts for your area can be found on the following INDOT website.

<http://indot.ms2soft.com>. You can enter the portal through the website and then click on TCDS. You can then search for counts by county, road, or location ID.

Please contact Jodi Comer or another staff member for assistance.

Introduced Version

### HOUSE BILL No. 1101

DIGEST OF INTRODUCED BILL

**Citations Affected:** IC 36-7-43.

**Synopsis:** Regional economic development. Requires the Indiana economic development corporation (IEDC) to designate 15 economic development regions throughout Indiana. Establishes a regional economic development commission (commission) for each economic development region. Provides for the membership of each commission. Requires each commission to establish or designate a primary administrative entity (entity) to carry out a strategic comprehensive economic development plan for the region. Sets forth the duties of a commission and entity.

**Effective:** July 1, 2026.

**Heine, Snow, Lehman**

January 5, 2026, read first time and referred to Committee on Ways and Means.

Indiana House Bill 1101 (2026 Session) – Regional Economic Development Initiative  
House Bill 1101, introduced in the Indiana House of Representatives in January 2026, would direct the Indiana Economic Development Corporation (IEDC) to divide the state into 15 designated economic development regions. The bill calls for the creation of a regional economic development commission for each region and requires each commission to appoint or designate an administrative entity responsible for carrying out a strategic, comprehensive development plan tailored to that region's economic needs.

FOR IMMEDIATE RELEASE

## Indiana Arts Commission accepting applications for Arts Project Support grant program

(INDIANAPOLIS) The Indiana Arts Commission (IAC) and its Regional Arts Partners announced today the opening of applications for the Fiscal Year 2027 Spring Arts Project Support grant program.

Arts Project Support grants provide nonprofit organizations and public entities with funding to support a specific arts activity, such as a one-time event, a single production, an exhibition, an educational workshop, or a series of related arts activities such as art classes or training sessions. Applications are accepted twice per year, with organizations eligible to receive one grant award per fiscal year.

The purpose of the program is to provide broad access to arts opportunities throughout the state. Applicants may request up to \$4,000 to support their project, and there is no match requirement. Projects must occur between July 1, 2026 and June 30, 2027 to be eligible for FY27 Spring Arts Project Support.

“Arts Project Support grants provide Indiana communities with an opportunity to increase the quality of life and quality of place for local residents,” said Miah Michaelsen, IAC Executive Director. “Arts and creativity are a community and economic development driver, and we are proud to support Hoosiers who are working to making Indiana a better place to live, work, study, and stay through the arts.”

Applications for the Arts Project Support program are reviewed and scored by members of the public. Reviewers play a significant role in application evaluation for public funding by reviewing, scoring, and providing comments on submitted applications. [Learn more about serving as a grant reviewer and submit an interest form.](#)

Applications for Arts Project Support are due March 5, 2026, at 11:59 p.m. eastern time through the IAC's [online grant system](#). [Learn more and access the guidelines.](#)
